TOWN WARRANT

1985

To the inhabitants of the Town of Albany, County of Carroll, State of New Hampshire, Qualified to Vote in Town Affairs:

You are hereby notified to meet at the Town Hall at Albany New Hampshire, on Tuesday, the 12th day of March 1985 at 10 o'clock in the forenoon to act upon the following subjects hereinafter set forth. Voting on Article 1 will be by official ballot and the polls shall be open for balloting at 10 o'clock in the forenoon or as soon thereafter as the Moderator calls the Meeting to order and declares a quorum present and shall not close before 6 o'clock in the evening. The remaining Articles of the Warrant shall be acted upon at 7 o'clock in the evening or at the closing of the polls if the meeting shall vote to keep the polls open to a later hour.

GENERAL GOVERNMENT

Article 1. To elect all necessary officers.

Article 2: To hear the report of the Selectmen for the year 1984.

Article 3: To see if the Town will vote to raise and appropriate the following sums of money for the following purposes:

	\$130,520.00

Article 4. To see if the Town will vote to raise and appropriate the sum of \$ 4,400.00 for the Fire Truck Capital Reserve Fund and authorize the withdrawal of this sum for this purpose from the Federal Revenue Sharing Fund.

Article 5. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Article 6. To see if the Town will vote to authorize the Selectmen to accept gifts and/or Federal or State Aid in the name of the Town of Albany.

Article 7. To see if the Town will vote to authorize the Selectmen to sell, at their discretion, at public auction or by sealed bid, any real estate in the Town to which the Town has title by Collector's Deed; except when it is being sold back to the former owner, in which case private sale may be utilized; any such real estate to be sold and conveyed on or before the next Annual Town Meeting.

Article 8. To see whether or not the Town will authorize the Selectmen to investigate and contract in the name of the Town for the disposal of solid waste generated in the Town, with private contractor or contractors, lasting for a term of years at such price and other terms as the Selectmen deem prudent and reasonable acting in their sole discretion and capacity, with this vote to remain valid until modified or changed by subsequent vote of the Town, provided that no action taken by said Selectmen hereunder shall be affected by any subsequent rescission or modification of their authority.

Article 9. To act upon any other business that may legally come before the meeting.

Given under our hands and seal this 16th day of February in the Year of our Lord nineteen hundred and eighty five.

signed: Raymond Waterhouse, Chair
J. Peter Howland
Stanley S. Tabor

REPORT OF TOWN AUDITOR

I have audited the accounts and records of the Town of Albany for the eyar ending December 31, 1984 and found them to be complete and correct to the best of my knowledge and belief.

Ann W. Croto
Auditor

CEMETERY ASSOCIATION REPORT — 1984

The Cemetery Committee would like to thank those of you who have contributed information pertaining to the Albany cemeteries. Any further information, maps, etc. that could be provided, would be greatly appreciated.

Bids will be let in the spring on the following: For increasing the lots to our boundaries in the High Street Cemetery. For improvements at the Canada Street Cemetery. And for the mowing and maintenance of all the cemeteries.

The Cemetery Association is always interested in acquiring more land abutting our existing cemeteries. The Town appropriates money for construction and maintenance for these newly acquired gifts.

The committee always appreciates any maintenance done by individuals to private burial grounds. It would be appreciated, if there are any other known locations not mentioned in the "Albany Recollections" book, that they be reported to the cemetery committee.

Finally, we extend a special thanks to Ed French for his perpetual care of the Jewell Cemetery in Wonalancet.

REPORT OF THE ALBANY PLANNING BOARD FOR 1984

With the 1985 Town Meeting, the Albany Planning Board will have completed its sixth year as an official extension of the Town's Government. It is the responsibility of the Board to administer the two ordinances it has helped create, the Subdivision Regulations and the Zoning Ordinance. Over the last six years, through public input and town meetings, these regulations have been approved and adopted by the residents of Albany. In addition, the Board is responsible for the continual review and updating of the Subdivision Regulation, Zoning Ordinance and Master Plan.

In 1984, the Board reviewed and approved applications for three minor subdivisions. During the past year the bulk of the work of the Board evolved around the review of the original Master Plan. The first phase of the review has been completed with the creation, distribution and collection of the Master Plan Community Survey. The second phase, the interpretation of the data collected in the survey, is currently well underway. Another major task tackled in 1984 was the development of Site Plan Review Regulations. This new set of regulations is shortly going to be reviewed by the Town Attorney before being presented at public hearing for further public involvement. This year our two major tasks will be to complete these efforts begun in 1984.

We would welcome anyone interested in participating in Planning Board functions to join us at our regularly scheduled meetings on the second Tuesday of every month at 7:30 p.m. The members of the Board welcome hearing the views of their neighbors. Lastly, I would like to thank my fellow members on the Board for the many hours they donated to the Town of Albany.

Thank you,

Cort Hansen

ALBANY HISTORICAL SOCIETY REPORT

During this past year we have paid \$1,500.00 to the town on the money borrowed for the publishing of "Passaconaway in the White Mountains". We plan to pay the balance, \$500.00, this year. We still have some books, maps, and magnets to be sold.

Mrs. Ruth Morrill has received a powder horn and a church book from Stanton Burgess for the Historical Society. These were found in the Alvah Head house which was on the old White Ledge Trail.

Marion Schenk has given Ann Croto a pair of skates and a pail which is displayed at the Visitors Center in Passaconaway.

The vault has been painted on the outside. The roof needs repair and is planned to be done this year. Discussion is still continuing on the interior of the vault. The books at the present time are at the Town Office. They have been microfilmed. Ann Croto and I are checking on a projector that may be of the kind needed to read the microfilm.

This year we are planning on an open house sometime in July at the Town Hall. In this way we hope to bring attention to the Historical Society in an attempt to get more interest in preserving the heritage of the town:

Mary I. Leavitt
President

REPORT OF THE TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

Our first forest fire prevention law was enacted by our State Legislature 90 years ago. This early law set in place a cooperative forest fire prevention and suppression effort between city and town governments and State government. It simply stated that no open fire could be kindled, when the ground is free of snow, without the written permission of the town/city Forest Fire Warden. This law also stated that anyone kindling a fire without written permission shall be liable for the damage caused and subject to a \$1,000 fine.

During the past 90 years, this law has worked so well that it has remained unchanged. All open fires when the ground is not covered with snow must be authorized by the local Forest Fire Warden. Persons kindling a fire without a permit when one is required are liable for damages caused, fire suppression costs and subject to a \$1,000 fine.

This cooperative fire prevention law has contributed significantly to our nationally recognized annyal forest fire loss record.

ALBANY CIVIC GROUP REPORT FOR 1984

On behalf of the Civic Group, I'd like to thank all those that helped make this another good year. We hope this year can be even better. All the money we make goes to help the Town in some way, and the people young and old. Anything we do is always in the Albany news.

We have one meeting a year, usually in April. So if any of you ladies in Town would like to join us, just call one of the officers, chairperson or come to the meeting.

TENTATIVE
WARRANT FOR ANNUAL MEETING
OF THE ALBANY SCHOOL DISTRICT

To the inhabitants of the School District in the Town of Albany, County of Carroll and State of New Hampshire, qualified to vote in District affairs:

You are hereby notified to vote for School District Officers at the Town Hall in Albany on the 12th day of March, 1985. The polls will be open for this purpose from 10:00 a.m. to 6:00 p.m.

ARTICLE 1. To elect a Moderator for the ensuing year.

ARTICLE 2. To elect a Clerk for the ensuing year.

ARTICLE 3. To elect a member of the School Board for the ensuing three years.

ARTICLE 4. To elect a Treasurer for the ensuing year.

ARTICLE 5. To elect an Auditor for the ensuing year.

YOU ARE ALSO NOTIFIED TO MEET AT THE SAME PLACE AT 1:30 P.M. TO ACT UPON THE FOLLOWING ARTICLES:

ARTICLE 6. To see if the District will vote to authorize the Albany School Board to apply for, accept and expend in the name of the School District, such gifts, advances, grants in aid, or other funds for educational purposes as may be available or forthcoming from any source during the fiscal year, in accord with and upon such terms as are found in RSA 198:20-b.

ARTICLE 7. To see what sum of money the School District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the District.

ARTICLE 8. To transact any other business that may legally come before this meeting.

Carolyn Olsen
Sara Young-Knox
Tara Taylor

School Board of Albany, N.H.

SUPERINTENDENT'S REPORT

by Dr. Francis M. Murphy

THINGS ARE LOOKING UP

This has been a banner year for education, both here in SAU #9 and in the nation. The concern for college board scores that have declined steadily for 20 years, was eased a bit when nationally the scores improved this year. Nationally, the improvement was by two points. Here in Kennett High, our scores went up by 54 points.

I do not believe college board scores are the best way to evaluate school quality, nor am I sure that this change in the scores in Kennett is a permanent, nonreversible event, but the news is heartening. The New Hampshire state average scores continued to be the highest in the nation; and for the first time in many years, we beat the New Hampshire average scores. I am very proud of the students, parents, and teachers that caused this improvement.

This year, we instituted for the first time in several years a comprehensive testing system for our elementary schools. This testing battery measures Aptitude (mental capacity) and Achievement (how much the student has learned).

Using this system, we had hoped not only to measure whether we were above or below national norms, but how well our students do compared to what they are capable of doing. We found some problems at some grades in some subjects. Generally, we will have to work harder in the areas of number facts, capitalization, punctuation, and spelling. However, even in these areas, the tests revealed that by the time the students arrived in the seventh grade, when considered as a group, they were not only above the national averages, but their performance in actual academic subjects had exceeded what could be predicted based on their ability.

The complete program of studies was redone this year at the high school. In addition, the high school English curriculum is being revised as is the 7-12 science curriculum and the K-12 computer curriculum. We are convinced that this effort will lead to a better program for all students at all four levels of study at the high school. We have reintroduced the seven period requirement in science for students in the college entrance and advanced level. We have made the offerings in the three junior highs the same in science, so that the students from Bartlett and Tamworth will be able to compete with the Kennett students at every level of challenge. We have increased the number of 400 level (advanced) courses in science from one per year to five. We have added an advanced topics in science course and several courses for the non-college bound.

In English, we have begun a three year phase out of most of our elective programs. The eventual course structure in English will have all ninth graders start with a course involving a major emphasis on writing, grammar, and vocabulary. The tenth graders will study British literature, the eleventh graders will study American literature while they are taking American History, and the twelfth grade will focus on world literature. At every grade, these courses will be offered at all four levels of difficulty, and there still will be a few electives.

We will be increasing the graduation requirements in social studies from two to three years. Every student will take courses in citizenship/economics and American History. There will be electives in geography, psychology and sociology/anthropology. In the foreign languages, we have added an advanced course in conversational French.

The Vocational Education Department is combining its two wood programs. It is adding a second computer class, as well as making the first course a requirement for all students. In Home Economics, we are adding a course in commercial cooking. We will also be trying out a course in horticulture in our vocational agriculture program to see if we can encourage students to enroll in it. The business program will substantially increase its offerings next year.

We are adding a requirement in health education and a course requirement in art or music. We have revised the art and music programs substantially. Both departments are pleased with the changes. The physical education requirement has been increased from 1/4 credit to one full credit. Accordingly, we have focused our efforts on one full year course for all freshmen 5 days per week.

Students will be able, in the new program, to get pluses and minuses, and not just straight letter grades. Students in the advanced programs will be allowed to take supplementary courses in art, music and the vocational program, without hurting their standing in the class. The remainder of the program of studies will be relatively unaffected.

These changes will bring us into compliance with the new State standards and, with the possible exception of meeting the arts requirement, may be accomplished without adding a single new staff member. I am very proud of the department chairmen and the high school staff for their success in assembling this new program of studies.

The year has been a good one on a number of other fronts as well. Nearly all of our athletic teams are doing as well or better than they have in recent years. Debbie Ayers was named New Hampshire Art Educator of the Year. We will be hosting the first New Hampshire State Scholastic Art Competition for students in grades 6-12. We are hosting the

All State Band Competition. Our teachers are taking advanced courses in unprecedented numbers.

Madison has a plan for a new building I hope the voters will support. In Tamworth, the library was developed within the budget, the front energy efficient windows were added, and we were able to hire a part-time librarian. The curriculum at Freedom continues to take better form. Bartlett's school community newsletter emerged from the Mott Foundation grant. Jackson's exit test for sixth graders has been requested by the overseas schools because they were so impressed with this "homegrown" product. The Pine Tree School has been taking the lead in the "school effectiveness" research. Conway Elementary School has been working on a plan to assure the safety of all children in SAU #9 against childnappers. John Fuller School has continued to put its emphasis on reading and writing skills.

I invite you to come see your schools. The students are better disciplined than they have been in years. The schools are cleaner. The food is better. We do try harder, and it has been one fine year for your schools.

CONWAY ELEMENTARY SCHOOL

PRINCIPAL'S REPORT

by David Hawkins

The 1960's brought a new awareness and concern about the quality of air and water that we all breath and drink. "Environmentalists" was a new word for many Americans, and their cautions and protests caused many of us to stop and look around. Industry was swept along the path of innovation and awareness, and spent heavily to extend their smokestacks high into the atmosphere to ensure improved air quality in their home towns. A sincere attempt to assure a cleaner environment for future generations created a newer and bigger problem of acid rain.

Educators too have followed a similar path, where each generation spends heavily to cure the problems of the past. Well-meaning but overly zealous innovators create problems that will need addressing in the future. Like a pendulum swinging to and fro, we have witnessed the building of larger schools, a myriad of teaching machines, language labs, and assorted gadgets to make learning easier. At the same time the schools are being asked to carry more and more; i.e., social work, eye and dental, and parenting skills.

In the recent past, the news media has been awash with the need for school reform. There was a great public outcry, and educators across the country were renewed for now the problems that they faced every day were gaining public attention. But, as time moved on, it became apparent that any change will come in the form of past practices; mandates from the state as to the length of day and school year.

Americans for years have been grass roots in nature and have demonstrated time and again that positive change always starts at the bottom and works its way up. Detroit has finally learned that by listening to the people in the trenches, quality of products improves and the people on the line feel better about themselves and their product. American educators must learn that to bring about positive and long lasting change; new standards must be introduced as a means of improvement, not the quick fix mechanical solutions that are imposed from the top.

The Conway Elementary School is proud to be in the forefront of long lasting educational change. We were pleased that the New Hampshire Report on Excellence in Education recommended many of the same programs and approaches already in place at Conway Elementary School. Without a doubt, there is much left to do, and we intend to continue pursuing those areas that will bring about improved quality of opportunity for your child. It is our purpose to achieve these goals, not by the swing of a pendulum, but by steady, continued growth in the improved quality of our programs.

ALBANY SCHOOL DISTRICT STUDENT PROCESS REPORT

Elementary

As of January 14, 1985, there are 39 Albany students enrolled in Conway Elementary School; 10 in kindergarten, 4 in grade one, 7 in grade two, 4 in grade three, 4 in grade four, 7 in grade five, and 3 in grade six.

There are 3 Albany students receiving special education resource room services, and 6 students receive Chapter I services.

Performance on the CTBS Achievement Test, administered in the fall of 1984 indicated that 18* students performed at or above grade level. Successful accomplishment by grade is as follows (for the 1983-84 school year):

Kindergarten - no test	
Grade 1 - 3	Grade 4 - 2
Grade 2 - 6	Grade 5 - 5
Grade 3 - 3	Grade 6 - 2

* Special needs students are excluded from these figures.

Subject matter curriculums are on file at Conway Elementary School. School personnel will be more than happy to meet with Albany citizens and review these documents for further clarification of grade level expectations.

Secondary

Albany's enrollment for the school year 1984-85 at Kennett High School (grades 7-12) is 31 students. Of this number, there are 3 seventh graders and 13 eighth graders. These junior high students are taking the required classes: English, Social Studies, Math, Science, Physical Education, Art, and Shop/Home Economics, Band, Chorus and French are optional. In major core subjects, students are grouped according to ability, with recommendations made by the referring elementary school teachers.

In the high school there are currently 2 ninth graders, 4 tenth graders, 5 eleventh graders, and 4 twelfth graders. These students are assigned a level in most academic courses ranging from 100 to 400. A 100 course is considered a basic skills course, a 200 is slightly more difficult, a 300 course is recommended for those students pursuing further schooling, and a 400 course is recommended for accelerated students, some who may be planning for advanced placement on the college level.

Starting with next year's freshman class, a student must have at least 19 3/4 credits for graduation: 4 English, 3 Social Studies, 1/2 Computer Literacy, 2 Science, 2 Math, 1 Physical Education, 1/4 Health, and 1/2 Arts. These requirements for graduation are minimal. Any student interested in college or vocational training should take additional credits in the core areas as well as several years of a language. For those students primarily interested in vocational training, Kennett also offers classwork and practical experience in the vocational areas: auto mechanics, woodworking, house construction, metal work, office occupation, consumer and homemaking, drafting, graphics, and distributive education.

Of the 15 Albany students in the high school, seven are following the college preparatory track. The other 8 are focusing on the vocational area. One student is receiving primarily support services and ESL (English as a Second Language) instruction. One student will be attending a 4 year college; the other three are undecided at this time.

ACCOUNTANT'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School
Administrative Unit No. 9 Board
Conway, New Hampshire

We have examined the combined financial statements of the School Administrative Unit No. 9 as of and for the year ended June 30, 1984, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements referred to above present fairly the financial position of the School Administrative Unit No. 9 at June 30, 1984 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the School Administrative Unit No. 9. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

A. Bruce Carri, CPA
